

# Relocation of School of Health Sciences to 6 Nickerson

Standing Advisory Committee  
April 19, 2017

# Site map & context

AKA 36 Cremona St

# Project context

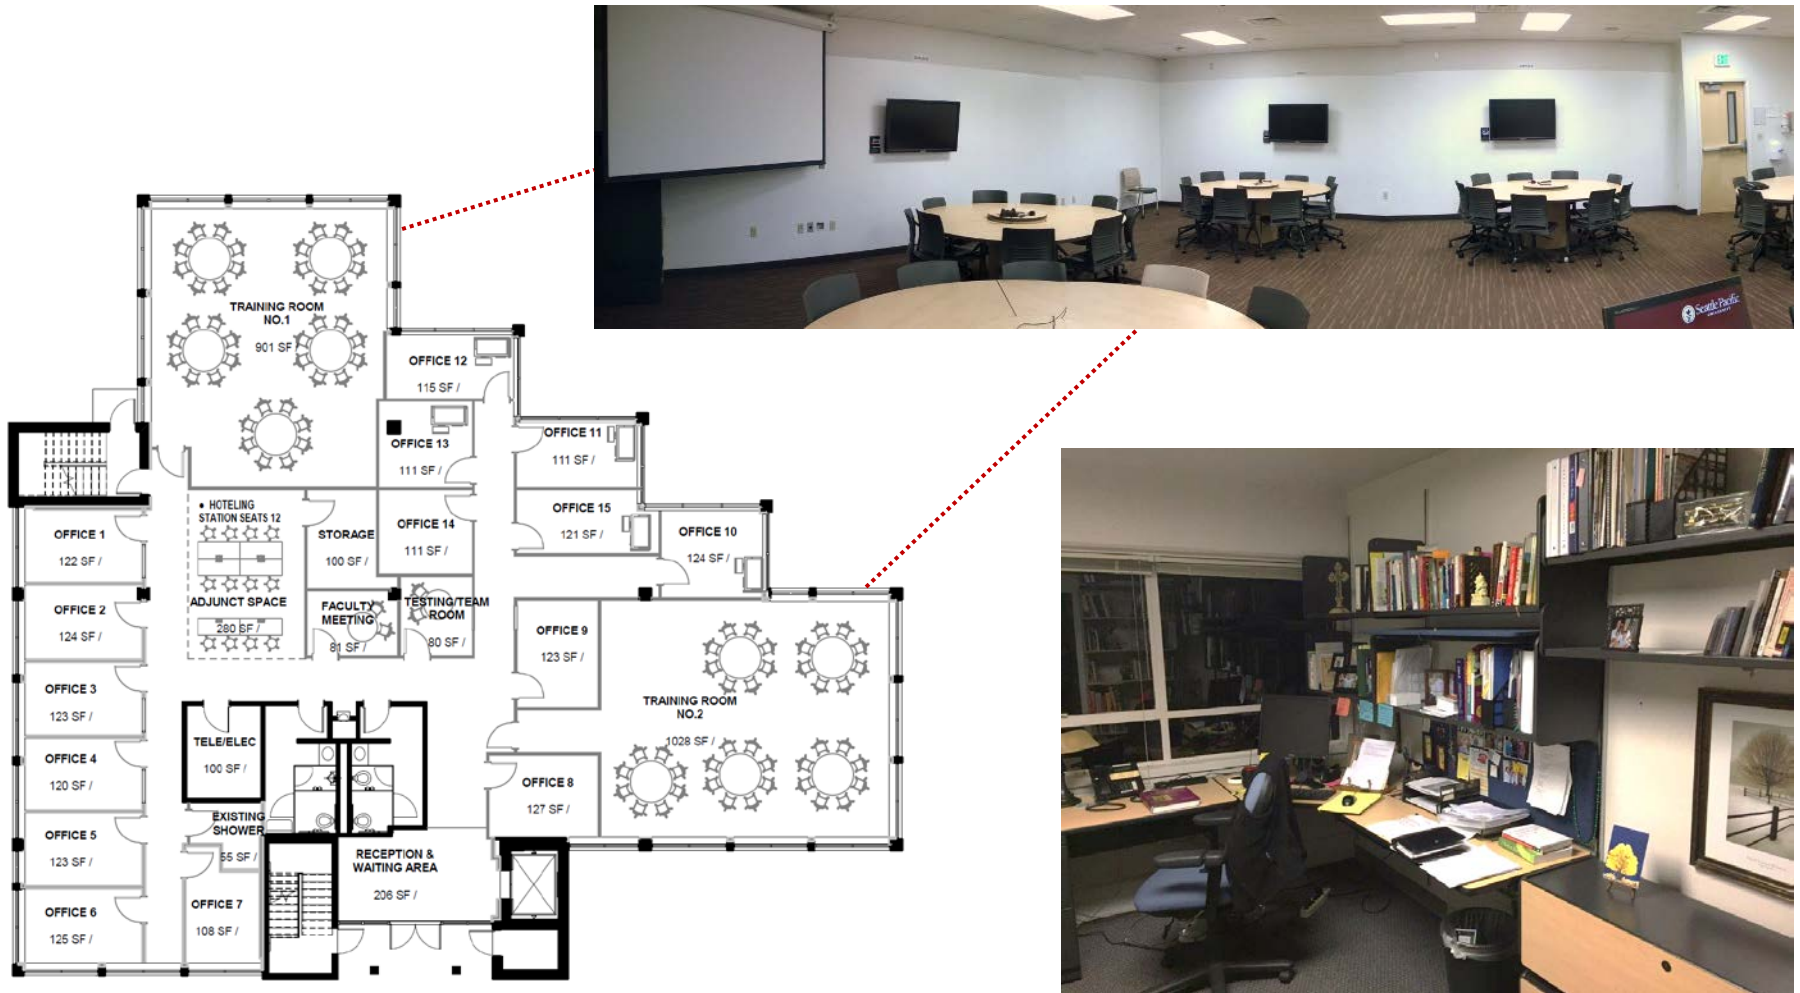

SHS Dean Lorie Wild lists three key drivers necessitating expanded lab and classroom space:

- Launch of the Doctor of Nursing Practice (DNP) program for advanced practice nursing (nurse practitioner and clinical nurse specialist)
- New guidelines for the use of clinical simulation as a substitute for hospital-based clinical experiences
- Enrollment enhancement in the undergraduate pre-licensure program culminating in a 50% increase by 2020-21

**SHS relocation to 6 Nickerson would increase program space by 4375 sq. ft.**
